BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Chapter 418, Government Code, is amending by adding Subchapter I to read as follows:

SUBCHAPTER I. DISASTER RECOVERY FUND

Sec. 418.201. PURPOSE; INTENT. It is the intent of the legislature that in recovering from a disaster, the first recourse of state and local governmental entities and volunteer organizations should be to the money regularly appropriated to those entities or money received by those entities from other sources in the normal course of operations. Assistance grants provided under this subchapter are intended to mitigate extraordinary burdens of state or local governmental entities and volunteer organizations in relation to available resources.

Sec. 418.202. DEFINITION. In this subchapter, "fund" means the disaster recovery fund account.

Sec. 418.203. DISASTER RECOVERY FUND ACCOUNT. (a) The disaster recovery fund is an account in the general revenue fund to be administered by the division. Money in the fund may be appropriated only for a grant awarded under this subchapter.

(b) The fund consists of:

the fund at the direction of the legislature;

Sec. 418.204. USE OF MONEY IN DISASTER RECOVERY FUND. The division may award from the fund a grant to a state or local governmental entity or a volunteer fire department that participates in disaster recovery in an area where the governor has declared a state of disaster to assist in the payment of the entity's costs incurred for its recovery efforts. Money granted from the fund may be used only for:

(1) a nonfederal match required for a Federal Emergency Management Agency qualifying project;

(2) a disaster recovery project to remedy the public damage and direct loss incurred as a result of a disaster; and

(3) reimbursement of the entity for costs incurred by compensating its employees for disaster recovery-related activities that are performed in response to the disaster and that are outside of the scope of the employees' normal duties.

Sec. 418.205. APPLICATION FOR GRANT FROM DISASTER RECOVERY FUND. The division shall develop and implement rules, procedures, and an application process for an entity to request a grant from the fund. An application for a grant must include:

(1) a description of the purposes for which the applicant is requesting the grant assistance;

1 based on a preliminary damage assessment conducted by the applicant
2 or other relevant information;

3 (3) a certification of the applicant's exhaustion of
4 local effort, including evidence of an applicant's uninsured

8 for which the countywide loss threshold has been exceeded because
9 of the declared disaster, as calculated using the Federal Emergency
10 Management Agency's countywide per capita impact indicator; and

11 (5) evidence that the applicant has staff, policies,
12 and procedures in place adequate to administer the grant.

13 Sec. 418.206. POST-APPLICATION PROCEDURES. (a) On receipt
14 of an application requesting a grant from the fund, and before
15 awarding money in response to the application, the division shall:

24 and procedures in place to administer the grant are adequate.

25 (b) The division shall prioritize grants and select grant
26 recipients based on information provided by the applicants, other
27 information available to the division, and criteria adopted by the

1 division.

2 Sec. 418.207. REIMBURSEMENT OF FUND. (a) If an entity
3 receives a grant from the fund and subsequently receives
4 reimbursement from the federal government, an insurer, or another
5 source for the costs for which the grant was awarded, then the
6 entity shall reimburse the fund.

7 (b) The division shall prescribe accounting and other
8 procedures as necessary to ensure that the fund is reimbursed as
9 provided by Subsection (a).
