1 school year for financial or other reasons. On notification, the
2 commissioner shall investigate the finances and other
3 circumstances of the district. If the commissioner determines that
4 the district is unable to complete the current or subsequent school
5 year, the commissioner shall report the district to the
6 commissioners court of each county that contains district territory
7 for annexation as provided by this section.

8 **(b) If a district has failed to operate school for 10 or more**
9 **days of its regular school year, the commissioner shall notify the**
10 **district that it is subject to annexation under this section. The**
11 **commissioner shall require the district to submit a plan not later**
12 **than the 10th day after the date the commissioner provides**
13 **notification describing how the district will complete the current**
14 **school year and subsequent school year. If the district fails to**
15 **submit a plan, or if the commissioner, after evaluating the**
16 **district's plan, determines that the district cannot reasonably be**
17 **expected to complete the current or subsequent school year, the**
18 **commissioner shall report the district to the commissioners court**
19 **of each county that contains district territory for annexation as**
20 **provided by this section.**

21 **(c) Each commissioners court by order shall annex district**
22 **territory within the county to one or more other districts in the**
23 **county or to a contiguous district in an adjacent county, provided**
24 **that the commissioners court of the adjacent county consents to the**
25 **annexation. An annexation under this section must occur in an open**
26 **meeting with opportunity for public comment.**

27 **(d) If a commissioners court fails to order annexation of**

district territory on or before the 60th day after the date the commissioner reports the district to the commissioners court, the commissioner shall order annexation of the territory to one or more other districts. The commissioner may annex the territory to a district in the same county or to a contiguous district in an adjacent county.

(e) The commissioners court or the commissioner, as applicable, shall specify the effective date for the annexation, which may not be later than the first anniversary of the date of the annexation order. The order shall identify the district or districts required to serve students residing in the district to be annexed through any school year that begins before the effective date of the annexation. A district required to serve students under this subsection shall provide services equivalent to those provided to the district's other students and shall be entitled to funding for the attendance and transportation of students served as required by the order.

receiving district under Section 13.004.

(i) A district to which territory is annexed under this section is entitled to incentive aid under Section 13.281, as determined by the commissioner, as if the district were created through consolidation.

Unless a different rate is required by Section 3-b, Article VII, Texas Constitution, the order shall provide for a levy of a tax at a rate equal to the maintenance and operations tax rate of the district to which the territory is annexed, plus any required interest and sinking fund tax.

(k) Except as otherwise provided by this subsection, this section does not affect the authority of the board of trustees of a district subject to annexation under this section to pursue consolidation under Subchapter D of this chapter or Subchapter B, Chapter 41. Actions authorized under this section may be taken pending the outcome of an election to consolidate districts under Subchapter D of this chapter or a decision to consolidate under Subchapter B, Chapter 41. An election to consolidate or a decision to consolidate under Subchapter B, Chapter 41, that occurs not later than the 60th day following the date an annexation order is entered under this section prevails over the annexation order if the proposition for consolidation is adopted in both districts, provided that a district required to serve students under Subsection (e) shall allow any student to attend school through the completion of the school year in which the effective date of a

consolidation occurs. An election to consolidate or a decision to consolidate under Subchapter B, Chapter 41, that occurs later than the 60th day following the date an annexation order is entered under this section is void.

(1) Notwithstanding Section 13.009, a determination by the commissioner or a commissioners court under this section is final and may not be appealed.

(b) The governing board of a district to which territory ~~[of an academically unacceptable district]~~ is annexed is the governing board for the new district.

(d) Title to the real property of the ~~[academically unacceptable]~~ district to be annexed vests in the district to which the property is annexed. Each district to which territory is annexed assumes and is liable for any portion of the ~~[academically unacceptable district's]~~ indebtedness of the district to be annexed

that is allocated to the receiving district under Section 13.004.

(h) Notwithstanding Section 13.005, the commissioner may provide for an alternate effective date for an annexation under this section if the alternate date is in the best interest of students.

SECTION 15. Sections 21.0031(a), (b-1), and (f), Education Code, are amended to read as follows:

(b-1) A school district may not terminate or suspend under Subsection (b) an employee whose contract is void under Subsection (a)(1) or (2) because the employee failed to renew or extend the employee's certificate or permit if the employee:

8 renewal of the certificate or permit;

9 (2) the employee submitted the request for renewal
10 prior to the expiration date; and
